CREMONA INTERNATIONAL EXHIBITION

2025 November 27-29

Cremona, the **heart** of livestock farming

In 2025 we celebrate 80 years of animal husbandry excellence between tradition, innovation and future!

Companies and Professionals meet at the most innovative event ever!

www.fierezootecnichecr.it

The nr.1 event in Italy and in Europe for the future of high-productivity livestock farming

Cremona offers every year the opportunity to explore the latest innovations for the agro-livestock sector thanks to the presence of the major international brands for livestock and agricultural equipment and services.

Figures from extraordinary 2024 edition

An exhibition of 200 companies with 70 events including conferences, seminars, technical workshops and dynamic sessions;
80 foreign delegates from 20 countries

International

Breeders, operators and institutions find at the Exhibition the tools for breeding so that genetics and management are at the center of some of the most important Italian agro-zootechnical sectors: dairy cow, pig, poultry and first cheese processing.

Your brand at the heart of livestock farming in 2025

An opportunity for sector companies to increase their visibility and reach a global audience. By participating, companies can present their products and services to a large audience of sector professionals, purchasers and investors.
